FIRM RULE

Program of Pacification CORNWALLIS-WEST to Be Put to Some Severe Tests

Mexico City, March 3.-The firm and energetic rule promised by the new Mexican government under pro-visional President Huerta probably will be inaugurated this week.

Huerta has had eight days of con-ference with the various rebel chiefs or with commissioners sent by them.
The government has now been made to believe as irreconcilable those rebbelieve as irreconcilable those rebels who now dolay their acceptance of the new order of things.

The program of pacification will, it is expected, be put to some severe tests. The band of Zapata fired on a federal troop train running from the capital to Cuernavaca yesterday and 60 soldiers were killed or wounded. Similar bands of Zapatistas continne to commit raids in the federal district itself and in the state of Morelos, indicating that some mountain rebels to the south of the capital are determined to keep up their guerrilla warfare despite the negotiations between the government and the brothers Zapata
